What It means to be Part of Banks, Finley, White & Co

Our clients trust our skills and knowledge, and that's why they often turn to us first when they reassess internal control processes, evaluate the pending changes to accounting reporting standards, or even when they face major litigation or regulatory action.

An Introduction to External Audit

The largest part of our External Audit team – examines and attests to a company's financial statements through financial and internal control audits. You'll learn about financial statement processes, key business drivers, associated risks and their potential effects on financial statements. Our External Audit practice is organized based on our geographically- based practices, which provide services to a client base, depending on location, within the, Government & amp; Public Sector, Health Care, Power & amp; Utilities, Not-for-Profit space, among others.

What This Means for You

A career in our practice will provide you the opportunity to develop a working knowledge of the objectives of an audit. You will assist and collaborate with team members as you respond to client's requests.

Minimum Qualifications

- Integrity within a professional environment
- A bachelor's or graduate degree in Accounting, Finance, or related field
- CPA or sufficient course work to achieve CPA certification upon passing the examination
- Excellent project management skills
- Advanced written and verbal communication skills
- Dedication to teamwork and leadership
- 1 year of related work experience is a plus
- Relevant work experience (e.g., internships, summer positions, school jobs)

Preferred Qualifications

The successful candidate will:

- Recognize potential audit issues or unusual relationships from basic analysis of the financial statements and communicate them to the audit team
- Clearly and accurately document the execution of specific audit procedures
- Challenge procedures used in the past and attempt to enhance audit techniques
- Demonstrate professionalism and competence in the audit client's environment
- Maintain a strong client focus, be responsive to client requests, and develop/maintain productive working relationships with client personnel Contribute ideas/opinions to the audit teams and listen/respond to other team members' views
- Use technology to continually learn, share knowledge with audit team members
- Bring potential opportunities to the audit team's attention
